

K-LOVE serves me as a resident of my local community in Oceanside CA. There is only 1 christian radio station (KLOVE 100.1) that I am able to get from Oceanside, to San Diego and drive this route daily. I believe that if you replace this LPFM boradcasters I will lose the ONLY radio station that I can get that provides Christian Music 24 hours a day. There is no other AM or FM station in my area that does this. Since I only have one station, I would rather not loose it to a LPFM broadcast that may or may not provide this service. Please consider not allowing LPFM broadcaster to take priorty over my KLOVE station. Thank you.
